Viega's ProBloc® Regulates with Ease

New from Viega's ProRadiant® line, the ProBloc will revolutionize your home's hydronic circulation system, featuring innovations like a mixing valve and actuator, a pressure differential valve and supply/return temperature gauges. Not only can ProBloc connect to heat sources, like conventional or condensing boilers, water heaters and geothermal heat pumps, it can also connect to Viega's Stainless Manifold system. ProBloc is ready to hang, easy to install and simple to use. Discover the difference Viega's new ProBloc will have in your home. Visit us on the web at www.viega.com, contact us by email at insidesales@viega.com or call us at 1-800-976-9819.

About Viega:

Founded in 1899, Viega manufactures and distributes the highest quality plumbing, heating and pipe-joining products in the world. With innovative systems like copper and stainless ProPress®, ProRadiant™ and PureFlow®, Viega is the global leader in residential, commercial and industrial piping applications.
